

## HOSE CARRYING BASKET BAKOcage

BAKOcage is the hose carrying basket in the BAKO WORX portfolio and is better than any other hose carrying basket on the market. The obstruction-free hose removal and the option of attaching components to the basket make the BAKOcage a true all-rounder. Openings for straps, which the fire brigade can use to attach a smoke curtain, are provided on the basket.

The diagonal hose removal creates new options for emergency services to use the hose carrying basket more easily and extensively. The new lid concept allows for easy handling in confined spaces and ensures optimal hose emptying. The modular design of the basket allows individual components to be replaced as needed.

Product-ID	720201
Measurement	870 mm x 520 mm x 115 mm
Weight	4 kg
Material	Plastic/ Aluminium
